RE: County Road 10 Land Fill
Elkhart, Indiana

Dear Ms. Swales:

This letter will confirm our telephone conversation of today concerning the captioned matter. In the letter dated December 5, 1986 to our client, Himco Waste-Away Service, Inc., from William Miner, he requested that certain information be submitted to the U.S. EPA within ten days of receipt of the letter. Our client was out of the office when the letter was received, and the corporation is now wrapped up in its month end and year end activities. Mr. Himes is working on the additional information concerning the land fill practices. We agreed that we would have the additional information concerning the land fill practices compiled and submitted to you right after the holidays. At the present time Mr. Himes is reviewing his files to see what additional information he can provide in response to the other questions. The process is, however, very time consuming and he is trying to work out a method whereby someone else could assist him in retrieving whatever information there may be in the old files which has been requested. When we submit to you the additional information concerning the land fill practices, we should have a good idea of what additional time would be necessary to complete the rest of the responses.

Ms. Susan Swales
December 19, 1986

Thank you very much for your agreement to extend the time for producing the documents as outlined above. I will be calling you right after the first of the year to follow up on all of the information. In the meantime, I certainly hope that you have a very happy holiday.

Sincerely yours,

CHURCH, NILSSON & PAULEN

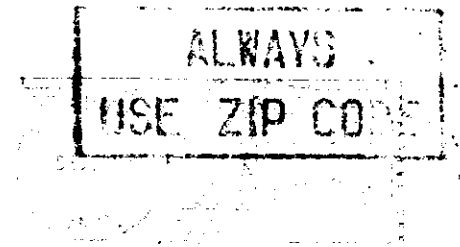

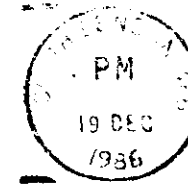

Geoffrey K. Church
